

Certificate

Qualification of the manufacturer for welding aluminium structures according to DIN V 4113-3: 2003-11

Class B

It is hereby certified that the firm

Global Truss Corp.

have at one's disposal in the welding

plant

CN 518125 Baoan District ShenZhen, Furong Industrial Area Shajing Town

the required personnel and equipment to carry out welding works for manufacturing load bearing aluminium structures in the following fields of application:

Standards/Regulations

DIN 4113

DIN V 4113-3

DIN EN 13814 (DIN 4112)

Welding Processes

(Reference no. acc. to DIN EN ISO 4063)

141 tungsten inert gas welding, manual

Parent Metals

EN AW-6061 (Al Mg1SiCu) DIN EN 573-3 EN AW-6082 (AI Si1MgMn) DIN EN 573-3

Extensions/Restrictions

Only for Global Truss - GYF or similar systems.

Manufacturer fulfills the requirements of DIN EN 1090-3

(without authorization of CE-marking)

Responsible Welding Coordinator

(Name, Surname, Date of birth,

Qualification)

Stuve, Marco, date of birth 1975-04-02 European Welding Practitioner (EWF)

Deputy

(Name, Surname, Date of birth,

Qualification)

none

Remarks

General requirements

- 1. Before carry-out welding works this certificate either as certified copy or photo copy shall be submitted to the competent authorities issuing the building permit.
- 2. For advertising or other purposes this certificate may only be duplicated or published in full. The wording of the advertising material shall not be in contradiction to this certificate.
- 3. If the welding coordinator(s) mentioned in the certificate is (are) not longer with the company or if there are changes in the welding process or in essential parts of the facilities necessary for the welding works, the certification body has to be informed. If considered necessary a new plant inspection of the company will take place.
- 4. In case of doubt regarding the qualification of the company, an inspection and check-ups in the plant by the certification body without prior announcement are being reserved.
- This certificate may be withdrawn at any time and with immediate effect without compensation supplement or modified if the condition under which this certificate has been issued have changed or if the requirements laid down in this certificate have not been adhered to.
- 6. At least two months before expiry, a new application has to be submitted to the certification body if the qualification should be certified once more.

Remarks:

For assistance of the Welding Coordinator are named:

ShuiLin, Huang, date of birth 1980-12-26 HeQing, Din, date of birth 1973-07-17
